Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee future performance of the scheme. Baroda BNP Paribas ELSS Fund is the name of the scheme and does not in any manner indicate either the quality of the scheme or its future prospects and returns. The sponsors / associates are not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 10,00,000/- (Rupees ten lakh only) to the corpus of the Mutual Fund made by it towards setting up the Fund. The present scheme is not a guaranteed or assured return scheme. Scheme Specific Risk Factors: Market Risk: All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the scheme's objectives will be achieved. The securities that the scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions. Markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity. Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole. Risks associated with investing in equities: The risks associated with investments in equities and similar instruments include significant fluctuations in prices. The impact of fluctuations is likely to be accentuated for short-term investments. The risk that the performance of one or more companies declines or stagnates may have a negative impact on the performance of the Scheme as a whole at any given time. Stock markets are volatile and can decline significantly in response to political, regulatory, economic, market and stock-specific developments etc. Different parts of the market can react differently to these developments. The stock-specific volatility may also change over a period of time as the characteristic of the stock undergoes a change in terms of market-cap category. The Scheme may hold such securities for only a very short time, which could tend to increase the costs. The Scheme may invest in growth stocks which may be more volatile than the market in general and may react differently to economic, political and market developments and to specific information about the issuer. Growth stocks traditionally show higher volatility than other stocks, especially over short periods. These stocks may also be more expensive in relation to their profits than the market in general. Consequently, growth stocks may react with more volatility to variations in profit growth. The Fund Manager may temporarily adopt a more defensive approach if it considers that the equity market or economy is experiencing excessive volatility, a persistent general decline, or other unfavourable conditions. In such circumstances, the Scheme may be unable to achieve or pursue its investment objective. The Scheme may invest in companies making an initial public offering. In such cases there is a risk that the price of the newly floated share is more volatile due to factors such as the absence of previous trading, unseasonal transactions and the limited number of securities available for trading. Risk factors specific to the Scheme: Units purchased in the Scheme cannot be assigned / transferred / pledged / redeemed / switched out until the completion of 3 years from the date of allotment of the respective Unit. Concentration Risk: The scheme may pursue only a limited degree of diversification. It may invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme. Risks associated with investing in fixed income securities: 1. Credit and Counterparty risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations).

Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments or the conclusion of financial derivatives contracts.

The value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit and counterparty risk as well as any actual event of default. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security value.

# 2. Liquidity Risk:

The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the scheme invests.

A lower level of liquidity affecting an individual security or an entire market at the same time, may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimise impact cost, as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all of the investments and may affect the liquidity of the investments of the scheme.

The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

# 3. Interest Rate Risk & Re-investment Risk:

The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc. The value of debt and fixed income securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa. Securities of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security. The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

# 4. Sovereign risk:

The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.

# - Risk associated with investment in unrated instruments:

The scheme may invest in lower rated/unrated instruments considering the overall risk of the portfolio. This may increase the absolute level of risk of the portfolio. The credit risk & liquidity risk will be relatively higher for lower/unrated instruments as compared to the instruments that have been assigned investment grade ratings. Lower rated/ unrated securities also tend to be more sensitive to economic conditions than instruments that have been assigned investment grade ratings.

# - Risks associated with investing in securitised debt:

The scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). ABS means securitized debts wherein the underlying assets are receivables arising from personal loans, automobile loans, etc. MBS means securitized debts wherein the underlying assets are receivables arising from loans backed by mortgage of properties which can be residential or commercial in nature. ABS / MBS instruments reflect the undivided interest in the underlying of assets and do not represent the obligation of the issuer of ABS / MBS or the originator of the underlying receivables. The ABS / MBS holders have a limited recourse to the extent of credit enhancement provided. Securitized debt may suffer credit losses in the event of the delinquencies and credit losses in

the underlying pool exceeding the credit enhancement provided. As compared to the normal corporate or sovereign debt, securitized debt is normally exposed to a higher level of reinvestment risk.

# - Risks associated with investing in liquid funds:

To the extent of the investments in liquid mutual funds, the risks associated with investing in liquid funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

#### Risk associated with investments in derivatives:

The scheme may use various derivative instruments and techniques, permitted within SEBI Regulation from time to time only for portfolio balancing and hedging purpose, which may increase the volatility of scheme's performance. Usage of derivatives will expose the scheme to certain risks inherent to such derivatives.

Derivative products are specialized instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

#### - Risk factors specific to investments in foreign securities:

The Scheme may invest in Foreign Securities including overseas debt / equities / ADRs / GDRs with the approval of RBI/SEBI, subject to such guidelines as may be issued by RBI/SEBI. The net assets, distributions and income of the Scheme may be affected adversely by fluctuations in the value of certain foreign currencies relative to the Indian Rupee to the extent of investments in these securities. Repatriation of such investment may also be affected by changes in the regulatory and political environments. Market risks can be greater with respect to political instability, lack of complete or reliable information, market irregularities or high taxation. The Scheme's NAV may also be affected by a fluctuation in the general and specific level of interest rates internationally, or the change in the credit profiles of the issuers. The liquidation of securities where investments will be made by the schemes shall be subject to the liquidity / settlement issues of the country of investment / settlement. Nonbusiness days in country of investment / settlement may impact the liquidity of the scheme investments. The Scheme may, where necessary, appoint advisor(s) for providing advisory services for such investments. The appointment of such advisor(s) shall be in accordance with the applicable requirements of SEBI. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, transaction costs and overseas regulatory costs, the fees of appointed advisor(s). The fees related to these services would be borne by the AMC and would not be charged to the Scheme.

**Other Risks**: Other risks including risk associated with inflation, legal risk, taxation risk, valuation risk & operational risk & risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism as provided in SID.

Investors in the Scheme are not being offered any guaranteed returns. Please refer to SID for more details on scheme specific risk factors.

Risk Control	Investments made by the Scheme would be in accordance with the investment objective of the Scheme
Measures	and the provisions of the SEBI (MF) Regulations. Since investing requires disciplined risk management,
	the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction
	process. While allocating and choosing securities, the Investment Manager will aim to diversify by
	gaining broad exposure to different industries and companies in order to reduce risk.
	Risk Mitigation measures for investments in equity / equity related and debt instruments

Risk Mitigation measures for investments in equity / equity related and debt instruments
 The Scheme aims to maintain a well-diversified equity portfolio comprising stocks across various sectors of the economy. This shall aid in managing concentration risk and sector specific risks.

- The Scheme targets to maintain exposure across different market cap segments i.e. large, mid-cap and small cap. This shall aid in managing volatility and also improve liquidity.
- The Scheme's will strive to mitigate risk through a judicious mix of Debt and Money Market Instruments and equity/ equity related instruments.

The investments in debt and Money Market instruments would be undertaken after assessing the

each investment opportunity and invest in rated papers of companies having a sound background, strong fundamentals and quality of management and financial strength. In addition, the Scheme would endeavor to invest in instruments with a relatively higher liquidity, and will seek to manage the duration of the debt assets on proactive basis to manage interest rate risk and to optimize returns. The following table summarizes the risk mitigation/management strategy for the Debt assets of the Scheme. Risk & description Risk Mitigation/ management strategy specific to Debt Interest Rate Risk The duration of a portfolio is one of the means of measuring the interest rate risl the portfolio. Hence portfolios with higher duration will have higher interest r risk. The duration of the Scheme will be actively managed based on prevail macroeconomics condition, political environment, liquidity position in syste inflationary expectorations and other economic considerations. Credit Risk The credit evaluation of the AMC entails evaluation of credit fundamentals of e investment opportunity. Some of the factors that are evaluated inter-alia r include outlook on the sector, parentage, quality of management, and ove financial strength of the credit. The AMC will utilize ratings of recognized rat agencies as an input in the decision making process. To reduce credit risk, scheme shall Invest in debt and money market instruments that have been assign high investment grade ratings by a recognized rating agency. Liquidity risk is the risk of not being able to sell / liquidate a security at short no Liquidity Risk at prevailing market prices or without incurring impact cost. Liquidity Risk can partly mitigated by creating portfolios that are diversified across maturities, ratio types of securities, etc. in line with the fund objectives, regulations and investm strategy. The Scheme shall follow the asset allocation pattern in Scheme Informat Document under normal circumstances and residual cash may be invested in Tri-party repo on Government Securities and treasury bills, repo market, units mutual fund which seeks to ensure liquidity in the scheme under norr circumstances. There is the risk of volatility in markets due to external factors like liquidity flo Volatility Risk changes in the business environment, economic policy etc. The Scheme will man volatility risk through diversification. To that extent, the Volatility risk will mitigated in the Scheme. Concentration Risk The AMC will attempt to mitigate this risk by maintaining adequate diversificat across issuers/ sectors / instrument type in line with the scheme objective investment strategy and applicable regulations. This will also be managed keeping prudent investment limits on any particular industry or issuer or iss group based on the size, credit profile, etc. to reduce issuer or industry specific ris The scheme may utilize derivative instruments for hedging & portfolio balancing purposes. All Interest Rate Swaps will be undertaken with approved counter parties under pre-approved International Swaps and Derivatives Association (ISDA) agreements. The scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI/RBI for the purpose of hedging and portfolio rebalancing. The above risk control measures shall be implemented by the AMC on best effort basis however there can be no guarantee that such measures can completely mitigate the risks involved in Scheme & The Scheme offers following two plans: Options Baroda BNP Paribas ELSS Fund - Regular Plan Baroda BNP Paribas ELSS Fund - Direct Plan Each Plan offers Growth and Income Distribution cum Capital Withdrawal (IDCW) Option\*. The IDCW Option offers Payout facility only. (# The Reinvestment facility under IDCW Option has been discontinued w.e.f. February 24, 2015) There shall be a single portfolio under the scheme. Direct Plan is meant for direct investments, i.e. for investors who purchase/subscribe to the units of the

> Scheme directly with the Fund and is not available for investors who route their investments through a Distributor, while Regular Plan is meant for investors who route their investments through distributors

> associated credit risk, interest rate risk and liquidity risk. The AMC shall undertake credit evaluation of

Plans

#### only.

\*Amounts under IDCW option can be distributed out of investors capital (equalization reserve), which is part of sale price that represents realized gains. However, investors are requested to note that amount of distribution under IDCW option is not guaranteed and subject to availability of distributable surplus.

**Growth Option**: The Scheme will not declare any distribution under this option. The income attributable to units under this option will continue to remain invested in the option and will be reflected in the Net Asset Value of Units under this option.

**IDCW Option**: Under IDCW Option, the amount of distribution, if any, shall be declared by Trustees from time to time. The NAV of the unit holders in any of the IDCW options will stand reduced by the amount so distributed and statutory levy, if any, under said IDCW option. The NAV of the Growth Option will remain unaffected.

It may be noted that the amount of distribution, if any, under IDCW option will be subject to the availability of distributable surplus as computed in accordance with the SEBI Regulations and discretion of the Trustees/ AMC. There is no assurance or guarantee to unitholders as to the rate of distribution nor that the amounts shall be distributed regularly. The Trustee's/AMC's decision with regards to the rate, timing and frequency of distribution shall be final The AMC may announce a book closure period for the purpose of distribution of amounts under IDCW option. Amount of distribution, if declared, will be paid to the unit holders appearing in the register of unit holder on the Record Date. To the extent the entire net income and realised gains are not distributed, the same will remain invested in the option and will be reflected in the NAV.

**#Discontinuation Of Reinvestment Facility under Baroda BNP Paribas ELSS Fund**: All the unitholders under Reinvestment facility of Baroda BNP Paribas ELSS Fund, without any action required from the unitholders, being considered as unitholders under the Payout facility w.e.f February 24, 2015 and consequently, amounts of distribution declared, if any, shall be compulsorily paid out/credited to the bank account of the first unitholder in accordance with provisions of the SID, instead of being reinvested. For unitholders holding units in demat mode, the nomenclature 'Reinvestment of IDCW' as appearing against the IDCW Option alongwith the Scheme name in the demat statement provided periodically by Depository Participant(s) may remain unchanged, however, amounts of distribution declared, if any, in future will be compulsorily paid out (as per the bank account details registered for the demat account), instead of being reinvested. Further, the systematic transactions that were registered under the Reinvestment facility of the Scheme are being processed under the Payout facility of IDCW option of the Scheme.

Direct Plan	Direct Plan is available under all the existing open-ended schemes of the Fund for investors who
Direct Plan	
	purchase /subscribe units in a scheme directly with the Fund and is not available for investors who
	route their investments through a Distributor. Following provisions shall be applicable for investments
	in Direct Plan:
	1. Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. and
	no commission for distribution of units will be paid / charged under Direct Plan.
	2. Investors wishing to transfer their accumulated unit balance held under Regular plan (through
	lumpsum / systematic investments made with or without Distributor code) to Direct Plan will have
	to initiate a switch request which shall be processed in the normal course as per timelines
	applicable for switch transactions.
	3. Investments under Direct Plan can be made through various modes offered by the Fund for
	investing directly with the Fund {except Stock Exchange Platform(s) and all other Platform(s) where
	investors' applications for subscription of units are routed through Distributors}.
	4. Investors, who have invested without Distributor code and have opted for IDCW reinvestment facility
	under Regular plan prior to the January 01, 2013 ('Effective Date'), may note that the amount will
	continue to be reinvested in the existing plan with the applicable terms and conditions. (Not
	applicable for Baroda BNP Paribas ELSS Fund effective February 24, 2015)
	5. In case of Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP), etc. registered prior to
	the Effective Date without any distributor code under the Regular plan, installments falling on or
	after the Effective Date will be automatically processed under the Direct Plan with the applicable
	terms and conditions.
	6. In case of the following facilities which were registered under the Regular plan prior to the Effective
	Date the future installments shall continue under the Regular plan: (i) Systematic Transfer Facilities
	(registered with Distributor Code) (ii) IDCW Sweep facility (erstwhile Dividend Transfer Plans)
	(registered from a folio where investments were made both with and without Distributor code) In
	case such investors wish to invest under the Direct Plan through these facilities, they would have to
	cancel their existing enrolments and register afresh for such facilities.
	7. Investors who have registered for SIP facility prior to the Effective Date with distributor code and
	wish to invest their future installments into the Direct Plan shall make a written request to the
	Fund for the same. The Fund will take at least 15 working days to process such requests.
	Intervening installment, if any, will continue in the Regular plan.
	8. Where units under a scheme are held under both Regular and Direct Plan and the redemption /
	switch request pertains to the Direct Plan, the same must clearly be mentioned on the request
	(along with the folio number), failing which the request would be processed from the Regular plan.
	However, where units under the requested option are held only under one plan, the request would
	be processed under such plan.
	9. Switch / redemption / repurchase may entail tax consequences. Investors should consult their
	professional tax advisor before initiating such requests.
	Further, exit load shall be applicable for switches between the two schemes. The exit load shall not be
	charged for inter option switch within the same plan.

- INSTRUCTIONS
- The SIP Registration Form should be completed in English and in Block Letters only. Please tick
   (✓) in the appropriate box (□), where boxes have been provided. The SIP Enrolment Form,
   complete in all respects, should be submitted to any of the Official Points of Acceptance of
   Transactions.
- Unit Holders can register SIP in up to 4 different schemes using single Multi SIP Registration Form.
- Existing unit holders are required to submit only the SIP Registration Form. Existing unit holders should note that unit holders' details and mode of holding (single, jointly, anyone or survivor) will be as per the existing folio number.
- 4. New investors who wish to register for SIP are required to fill the Common Application Form and SIP Application Form. New investors are advised to read the Key Information Memorandum(s) and Scheme Information Document carefully before investing and the same are available with the ISCs / distributors.
- Minimum amount and installments required for various SIP frequencies offered to investors is as below:

For all open ended non-liquid schemes, other than Baroda BNP Paribas ELSS Fund:

Daily Systematic Investment Facility (DSIF), Weekly Systematic Investment Facility (WSIF) and Monthly Systematic Investment Facility (MSIF): Minimum INR 500 and in multiples of INR 1 thereafter per installment for a minimum of 12 Installments

Quarterly Systematic Investment Facility (QSIF): Minimum INR 1500 and in multiples of INR 1 thereafter per installment for a minimum of 4 Installments

For Baroda BNP Paribas ELSS Fund: Minimum INR 500 and in multiples of INR 500 thereafter per installment. Minimum Installments for DSIP, WSIF, MSIF will be 6 installments and for QSIF 4 installments

Accordingly, the provision of critieria of Minimum Application Amount of the scheme shall not apply to such applications using the SIP facility.

#### 6. Applicable Load Structure for SIP

Entry Load: Nil

The provisions of Exit Load as applicable to the normal investments as on the date of Registration will be applicable to fresh SIP investments.

- 7. Separate SIP Registration Forms are required to be filled for DSIP, WSIF, MSIF and QSIF.
- 8. Investors have the right to discontinue the SIP facility at any time by sending a written request to any of the Official Points of Acceptance of Transactions. Such notice should be received at least 14 days prior to the due date of the next cheque. On receipt of such request, the SIP facility will be terminated.
- 9. The registration period of SIP will be as per the instruction given by the investor. In case the SIP is selected for a Perpetual period investors will have to submit SIP cancellation request to discontinue the SIP. In case of any ambiguity in registration period or if the end date of SIP is not mentioned, the default period for SIP will be perpetual.
- 10. In case investor has not selected any frequency or incase of any ambiguity, monthly frequency shall be considered as default option. Similarly, 7th day shall be considered as default Trigger date. In case of any ambiguity in the enrolment form, the SIP registration request shall be liable to be rejected.
- 11. In case of minor application, AMC will register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date. Prior to minor attaining majority, AMC shall send advance notice to the registered correspondence address advising the guardian and the minor to submit an application form along with prescribed documents to change the status of the account to "major". The account shall be frozen for operation by the guardian on the day the minor attains the age of majority and no fresh transactions shall be permitted till the documents for changing the status are received.
- 12. The Trustee / AMC reserves the right to change / modify the terms of the SIP.
- If no start date is mentioned by the investors, the SIP will be registered to start from a period after 30 days from the date of submission of the application form.
- 14. DSIP shall be triggered and processed on all Business Days only.
- 15. Investors can choose any preferred date of the month as SIP debit date. In case the chosen date falls on a non-business day, the SIP will be processed on the immediate next business day. In case chosen date is not available in a particular month, the SIP will be processed on the last

business day of the month

- The SIP will be discontinued automatically if payment is not received for three successive instalments
- 17. The amount mentioned on the first cheque should be equal to the combined SIP instalment amount mentioned against all the Schemes in the Form. Accordingly, the first cheque amount will get invested in multiple Schemes as mentioned in the form. In case of mismatch, the transaction is liable to be rejected. Further, investor should ensure that the amount mentioned on the OTM is equal to the total consolidated amount across all schemes mentioned as per the form
- 18. If a Micro SIP application is found such that the registration of the application will result in the aggregate of all investments made by the investor in a financial year exceeding Rs. 50,000 or where there is any deficiency in the application form or any supporting document In case the first Micro SIP instalment is processed (as the cheque may be banked), and the application / supporting document is found to be defective, such Micro SIP will be ceased for future instalments. No refunds shall be made for the units already allotted. Investor, can however, redeem the units if so desired.
- 19. The investor will not hold Baroda BNP Paribas Mutual Fund, its registrars and other service providers responsible if the transaction is delayed or not effected or the investor bank account is debited in advance or after the specific SIP date due to various clearing cycles of NACH Debit/ Local/Bank holiday. Baroda BNP Paribas Mutual Fund, its registrars and other service providers shall not be held responsible or liable for damages / compensation / loss incurred by the investor as a result of using the SIP NACH / Direct Debit facility. The investor assumes the entire risk of using this facility and takes full responsibility.

#### The terms and conditions for availing the 'Top-Up SIP' shall be as follows:

#### Frequency for Top-Up SIP

#### (i) For Monthly SIP:

- a. Half Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 6th (sixth) SIP installment.
- Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 12th (twelfth) SIP installment.

#### (ii) For Quarterly SIP:

a. Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 4th (fourth) SIP installment. In case the investor who has registered under Quarterly SIP opts for Half Yearly Top-Up SIP, the same shall be registered and processed as Yearly Top-Up SIP.

#### 2. Minimum Top-Up SIP Amount:

₹ 500 and in multiples of ₹ 500 thereafter.

Default Top-Up SIP Frequency and amount:

- In case the investor fails to specify either the frequency or amount for Top-Up SIP, the same shall be deemed as Yearly Top-Up SIP and ₹ 500 respectively and the application form shall be processed accordingly. In case the investor fails to specify both, i.e. the frequency for Top-Up SIP and amount for Top-Up SIP, the application form may be processed as conventional SIP, subject to it being complete in all other aspects.
- 4. Top-Up SIP shall be available for SIP Investments only through NACH / Direct Debit Facility only. Top-Up SIP shall not be available under SIP facility availed by Investors through Standing Instructions or investing through Channel Partners or through Stock Exchange Platforms.
