This Key Information Memorandum (KIM) sets forth the information, which a prospective investor ought to know before investing. For further details of the Scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties & pending litigations etc. investors should, before investment, refer to the Scheme Information Document and Statement of Additional Information available free of cost at any of the Investor Service Centres or distributors or fr<u>om the website www.barodabnpparibasmf.in.</u>

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996 (SEBI (MF) Regulations), as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

#### This KIM is dated October 28, 2022.

# Please refer to the page number of the Key Information Memorandum on which the concept of Macaulay's Duration has been explained.

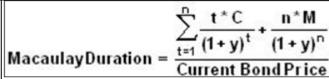

Name of the Scheme	Baroda BNP Paribas Short Duration Fund (BBNPPSDF) (erstwhile Baroda Short Term Bond Fund. Name changed w.e.f. March 14, 2022)		
Type of the Scheme	An open ended short term debt scheme investing in instruments such that the Macaulay duration of the portfolio is between 1 year and 3 years. A Moderate Interest Rate Risk and Moderate Credit Risk. (please		
	refer to page no. 3#).		
	#Please refer to the page number of the Key Information Memorandum on which the concept o		
	Macaulay's Duration has been explained.		
'Category' as per SEBI	Short Duration Fund		
circular dt.			
October 06,			
2017			
Scheme Code Date of	BBNP/0/D/SDF/10/05/0011 June 30, 2010		
Inception	Julie 30, 2010		
Investment	The primary objective of the Scheme is to generate income and capital gains through investments in a		
objective	portfolio of debt and money market instruments. However, there can be no assurance that the		
	investment objectives of the Scheme will be realized. The Scheme does not guarantee/ indicate any returns.		
Asset	Under normal circumstances, the asset allocation under the Scheme would be as follows:		
Allocation	Type of Instruments Minimum Allocation Maximum Allocation Bisk Profile		
Pattern of the Scheme	(% 0) NEL ASSELS) (% 0) NEL ASSELS)		
Scheme	Debt and Money Market Upto 100% Low to Medium Instruments such that the		
	Macaulay duration of the portfolio		
	is between 1 year and 3 years.		
	The Scheme may invest in securitized debt up to 50% of its net assets.		
	The scheme may invest in foreign securities (including foreign securitized debt) up to 25% of its net assets subject to a maximum of US \$ 1 billion in the aggregate at the Mutual Fund level and upto a maximum of US\$ 300 million in overseas Exchange Traded Funds (ETFs) at the Mutual Fund level as per the SEBI circular nos. SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007, SEBI/IMD/CIR no. 2/ 122577/08 dated April 8, 2008, SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05, 2020 and SEBI/HO/IMD/IMDII/DOF3/P/CIR/ 2021/ 571 dated June 03, 2021, as may be amended from time to time.		
	Exposure to fixed income derivative instruments will be restricted to 50% of the debt assets of the Scheme based on the opportunities available and in line with the overall investment objective of the scheme, subject to the guidelines issued by SEBI from time to time. These may be taken to hedge or rebalance the portfolio, or to undertake any other strategy as may be permitted under the Regulations from time to time.		
	In addition to the instruments stated in the above table, the Scheme may enter into reverse repos in Government securities as may be permitted by RBI & SEBI. Apart of the net assets may be invested in Tri- Party Repo as an alternative investment, subject to prior approval from SEBI, if any, as may be provided by RBI to meet the liquidity requirements.		
	The Scheme may undertake repo/reverse repo transactions in corporate debt securities in accordance with the directions issued by SEBI /RBI from time to time and in line with the policy approved by the Board of Directors of the AMC and Trustee Company. The gross exposure of the Scheme to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the Scheme.		
	Pending deployment of the funds in securities as per the investment objectives of the Scheme, the Fund may park the funds of the Scheme in short term deposits of Scheduled Commercial Banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007 and as may be amended from time to time.		
	The cumulative gross exposure through debt, derivative positions (fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, other permitted securities/assets		

		curities/assets as may if any) will not exceed			me (subject to prio

	The Scheme will not engage in any securities lending activity or short selling.				
	In accordance with provisions of SEBI Circular No. CIR/IMD/DF/19/2011 dated November 11, 2011 and SEBI Circular No. CIR/IMD/DF/23/2012 dated November 15, 2012 and as amended from time to time, the Scheme may enter into repo / reverse repo in corporate debt securities.				
	In accordance with provisions of SEBI circular no. SEBI/HO/IMD/DF2/ CIR/P/2017/109 dated September 27, 2017, the Scheme may invest into Interest Rate Futures (IRFs) for purpose of imperfect hedging subject to below applicable investment limits and conditions.				
Investment Strategy	The Scheme is a short term debt scheme investing in instruments such that the Macaulay duration of portfolio is between 1 year and 3 years as defined below:				
	Macaulay duration is the weighted average term to maturity of the cash flows from a weight of each cash flow is determined by dividing the present value of the cash flow by t duration is a measure of interest rate sensitivity of a fixed income instrument. Hig duration, higher would be the interest rate risk.				w by the price. Mac nt. Higher the Mac
		of a portfolio is the ass ortfolio. The table belo			
	Instrument	Amount (Rs. in Crs.)	<b>% of Portfolio</b> (a) 25%	Macaulay Duration (b)	Weighted Average (a*b)
	Instrument 1	25		1	0.25
	Instrument 2	25 25	25% 25%	2 3	0.50 0.75
			20/0		0.75
	Instrument 3 Instrument 4	25	25%	4	1

Where:

- t = respective time period
- C = periodic coupon payment
- y = periodic yield
- n = total number of periods
- M = maturity value

• Current Bond Price = Present value of cash flows

#### Key Assumptions

- 1. Macaulay duration measures interest rate risk accurately only for instruments where cash flows do not change with change in the yield (i.e. for plain vanilla instruments and not for instruments with embedded options).
- 2. Macaulay duration assumes yield curve is flat and so cash flows are reinvested at constant YTM rate over the instrument's period.
- 3. Macaulay duration does not consider the fact that duration does not remain constant and duration changes with level of YTM rates.

#### Illustration

Assume a bond paying 10% coupon, matures in three years. Yield to maturity is at 10%. The bond pays coupon annually, and pays the principal on the final payment. Given this, the following cash flows are expected over the next three years:

Period	Cash flow
Year 1	Rs.100
Year 2	Rs.100
Year 3	Rs.1100

With the periods and the cash flows known, a discount factor must be calculated for each period. This is calculated as  $1 / (1 + r)^n$ , where r is the interest rate and n is the period number in question. Thus, the discount factors would be:

Period	Discount Factor Formula	Results
Year 1	1 / (1 + 10%) <sup>1</sup>	0.909
Year 2	$1 / (1 + 10\%)^2$	0.826
Year 3	$1 / (1 + 10\%)^3$	0.751

Next, multiply the period's cash flow by the period number and by its corresponding discount factor to find the present value of the cash flow:

Period	Weighted Present Value of cash flow	Results	
Year 1	1 * Rs.100 * 0.909	90.9	
Year 2	2 * Rs.100 * 0.826	165.3	
Year 3	3 * Rs.1100 * 0.751	2479.3	
	Sum	2735.5 (numerator)	
Sum of PV Cash Flows = $100/(1+10\%)^1 + 100/(1+10\%)^2 + 1100/(1+10\%)^3 = 1000$ (denominator)			

Macaulay duration = 2735.5 / 1000 = 2.74 The fund manager will adopt an active management style to optimize returns. The key factors d investment strategy of the Scheme will be: 1. Identifying attractive opportunities on the basis of the government policies, economic develop monetary policy, research report and overall economic conditions and development. 2. The issuer/companies selection for investment exposure would be based on financial parameters as fundamentals of business, quality of management, turnover, financial strength of the compan the key earnings drivers, net worth, Interest coverage ratio, profitability track record and the liquid the securities/instruments. 3. Issuer/Companies, which meet the initial selection norms, are then evaluated on the financial nor consideration in the investments. The scheme would make investments universe based on the s and liquidity, such that the Macaulay duration of the portfolio of the scheme is between 1 year vears. 4. The Scheme will emphasise on well managed, with above average growth prospects whose secu can be purchased at a good yield and whose debt securities will be mainly in securities list investments grade by a recognised authority like CRISIL, ICRA, CARE etc. 5. Investment in sovereign papers would be based on the interest rate expectations arising d macroeconomic analysis. This includes analysis of inflation data, & trends in macro variables su credit growth, liquidity, money supply, fiscal numbers and the global interest environments. 6. The portfolio will be sufficiently diversified by investing in number of issuers/companies withou restriction of market capitalization across the industries so as to reduce the risk of a concent portfolio. There is no assurance that the objective of the Scheme will be realised and the Scheme does not assure guarantee any returns. Risk Profile of Mutual Fund units involve investment risks including the possible loss of principal. Please read the SID the scheme carefully for details on risk factors before investment. Standard Risk Factors Investments in mutual fund units involves investment risks such as market risk, credit & default risk, liquidity risk, trading volumes, settlement risk, including the possible loss of principal. As the price/value/interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down. The various factors which impact the value of the scheme's investments include, but are not limited to, fluctuations in the stock markets, bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the companies and issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc. Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee future performance of the scheme. Baroda BNP Paribas Short Duration Fund is the name of the scheme and does not in any manner indicate either the quality of the scheme or its future prospects and returns. The sponsor / associates are not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 1,00,000/- (Rupees One lakh only) to the corpus of the Mutual Fund made by it towards setting up the Fund. The present scheme is not a guaranteed or assured return scheme. Scheme Specific Risk factors are summarized as follows: Market Risk: All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the scheme's objectives will be achieved. The securities that the scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due

to instrument-specific factors as well as general macroeconomic conditions.

Markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity. Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.

#### Concentration Risk:

The scheme may pursue only a limited degree of diversification. It may invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

#### Scheme specific risk factors:

<u>Risk Factors associated with investing in debt instrument securities with special features:</u>

Pursuant to SEBI Circular dated March 10, 2021, the schemes may investment in securities having special features viz. subordination to equity (absorbs losses before equity capital) and /or convertible to equity upon trigger of a pre-specified event for loss absorption. Such special features may be available under the Additional Tier I bonds and Tier 2 bonds issued under Basel III framework.

These securities having special features will carry and be subject to all the risks associated with the investment in Fixed Income securities like Credit and Counterparty Risk, Liquidity Risk, Interest Rate Risk etc. However investors are requested to note that as these securities are subordinate to all other Fixed Income securities issued by an issuer and only senior to common equity, such securities with special features are more risker than other Fixed Income Securities of the same issuer.

**Credit Risk**: Where the payout of interest or principal amount is due to be paid by an issuer for senior debt securities and for securities with such special features, such payout for the securities with special features would normally happen only after paying off all the senior debt dues. This increases the risk that the Issuer of the securities with special features may default on interest and /or principal payment obligations and/or default upon violation of covenant(s) and/or delay in scheduled payment(s)

Liquidity Risk : The securities with special features can normally be considered to have limited secondary market liquidity as compared to any senior debt of the issuer, and thus fund manager may be forced to hold such securities with special features till its maturity. Further, where the special features results in trigger and conversion to equity securities, such equity security received by the scheme(s) upon conversion will carry and be subject to all the risks associated with the investment in equity securities.

#### Risks associated with investing in fixed income securities:

1. **Credit and Counterparty risk**: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations).

Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments or the conclusion of financial derivatives contracts.

The value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit and counterparty risk as well as any actual event of default. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security value.

2. Liquidity Risk: The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the scheme invests. A lower level of liquidity affecting an individual security

- or an entire market at the same time, may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimise impact cost, as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all of the investments and may affect the liquidity of the investments of the scheme. The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.
- 3. Interest Rate Risk & Re-investment Risk: The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc. The value of debt and fixed income securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa. Securities of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security. The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- 4. Sovereign risk: The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.

#### Risk factors specific to investments in foreign securities:

The Scheme may invest in Foreign Securities including overseas debt / equities / ADRs / GDRs with the approval of RBI/SEBI, subject to such guidelines as may be issued by RBI/SEBI. The net assets, distributions and income of the Scheme may be affected adversely by fluctuations in the value of certain foreign currencies relative to the Indian Rupee to the extent of investments in these securities. Repatriation of such investment may also be affected by changes in the regulatory and political environments. Market risks can be greater with respect to political instability, lack of complete or reliable information, market irregularities or high taxation. The Scheme's NAV may also be affected by a fluctuation in the general and specific level of interest rates internationally, or the change in the credit profiles of the issuers. The liquidation of securities where investments will be made by the schemes shall be subject to the liquidity / settlement issues of the country of investment / settlement. Non-business days in country of investment / settlement may impact the liquidity of the scheme investments

The Scheme may, where necessary, appoint advisor(s) for providing advisory services for such investments. The appointment of such advisor(s) shall be in accordance with the applicable requirements of SEBI. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, transaction costs and overseas regulatory costs, the fees of appointed advisor(s). The fees related to these services would be borne by the AMC and would not be charged to the Scheme.

#### Risk factors associated with investments in REITs and InvITs

Price Risk / Market Risk: REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates and the resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events etc. REITS & InvITs may have volatile cash flows. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any

	of the portfolio assets
•	• Liquidity Risk: As the liquidity of the investments made by the scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. Further, there is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists
•	<ul> <li>Risk of lower than expected distributions: The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/InvIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:</li> </ul>
	<ul> <li>success and economic viability of tenants and off-takers</li> <li>economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets</li> </ul>
	<ul> <li>force majeure events related such as earthquakes, floods etc. rendering the portfolio assets inoperable</li> </ul>
	<ul> <li>debt service requirements and other liabilities of the portfolio assets</li> <li>fluctuations in the working capital needs of the portfolio assets</li> </ul>
	<ul> <li>ability of portfolio assets to borrow funds and access capital markets</li> </ul>
	<ul> <li>changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets</li> </ul>
	<ul> <li>amount and timing of capital expenditures on portfolio assets</li> </ul>
	<ul> <li>insurance policies may not provide adequate protection against various risks associated with operations of the REIT/InvIT such as fire, natural disasters, accidents.</li> </ul>
•	<ul> <li>Interest Rate Risk - Generally, when interest rates rise, prices of units fall and when interest rates drop, such prices increase</li> </ul>
•	<ul> <li>Reinvestment Risk: Investments in REITs &amp; InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.</li> </ul>
•	<ul> <li>Credit Risk: In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs &amp; InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.</li> </ul>
•	<ul> <li>Regulatory/Legal Risk: REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.</li> </ul>
ä	The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.
	Risks associated with segregated portfolio:
•	<ul> <li>Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.</li> </ul>
	<ul> <li>Security comprises of segregated portfolio may not realise any value.</li> </ul>
•	<ul> <li>Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.</li> </ul>
•	<ul> <li>Trading in the units of segregated portfolio on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain</li> </ul>

unchanged.

#### Risks associated with repo transactions in corporate debt:

The Scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honour the repurchase agreement. However, in repo transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk is further mitigated through over-collateralization (the value of the collateral being more than the repo amount).

#### <u>Risk factors associated with investments in Credit Default Swaps:</u>

Credit default swap is the most common form of credit derivative where the buyer of the swap makes payments to the swap's seller until the maturity date of a contract. In return, the seller agrees that – in the event that the debt issuer defaults or experiences another credit event – the seller will pay the buyer the security's value as well as all interest payments that would have been paid between that time and the security's maturity date. The Scheme may participate in credit Default Swaps (CDS) as a buyer (protection buyer) to hedge/offset credit risk related to fixed income instruments. It is important to note that the credit risk isn't completely eliminated – it has been shifted to the CDS seller. The risk is that the CDS seller defaults at the same time the credit event occurs. In case the debt issuer does not default or no credit event occurs till maturity of CDS contract, the buyer will end up losing money through the payments on the CDS.

#### <u>Risk Factors associated with investments in debt instruments having Structured Obligations / Credit</u> <u>Enhancements:</u>

The risks factors stated for debt instruments having Structured Obligations / Credit Enhancements are in addition to the risk factors associated with fixed income instruments:

• Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer

• SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.

• The credit risk of debt instruments which are CE rated derives rating is based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to inability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, comingling risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

## <u>Risk Factors associated with Investments in Derivatives (including imperfect Hedging with investments into IRFs):</u>

The Scheme(s) may use various derivative instruments and techniques, permitted within SEBI (Mutual Funds) Regulations, 1996 from time to time including but not limited for portfolio balancing and hedging purpose, which may increase the volatility of Scheme's performance. Usage of derivatives will expose the Scheme(s) to certain risks inherent to such derivatives.

Derivative products are specialized instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No

	assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. There is a possibility that a loss may be sustained by the Scheme(s) as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, interest rates and indices. Even a small price movement in the underlying instrument could have a large impact on their value. This could increase the volatility of the Scheme's performance. In case of hedge, it is possible that derivative positions may not be perfectly in line with the underlying assets they are hedging. As a consequence the derivative cannot be expected to perfectly hedge the risk of the underlying assets. This also increases the volatility of the Scheme's performance. Some of the risks inherent to derivatives investments include: <ol> <li><b>Price Risk</b>: Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.</li> </ol>
	2. <b>Default Risk</b> : This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.
	3. <b>Basis Risk:</b> This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset.
	4. Limitations on upside: Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
	5. <b>Liquidity risk</b> : This risk pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
	In addition to above and to the extent of the corpus of the Scheme investments in certain securities, the Scheme shall be subject to various risk factors including, but not limited to, risks associated with: investments in securitised debt and investments in liquid funds. The Scheme shall also be subject to other risks including risk associated with inflation, legal risk, taxation risk, valuation risk, operational risk & risk factors associated with processing of transaction, in case of investors investing in mutual fund units, through Stock Exchange Mechanism as provided in SID.
	Different types of securities in which the Scheme would invest as given in the Scheme Information Document/Key Information Memorandum carry different levels and types of risk. The above are some of the common risks associated with investments in various securities.
	Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, i.e. before making a decision to invest/redeem Units. Investors in the Scheme are not being offered any guaranteed returns. Please refer to SID for more details on scheme specific risk factors.
Risk Control Measures	Investments made by the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. While allocating and choosing securities, the Investment Manager will aim to diversify by gaining broad exposure to different industries and companies in order to reduce risk.
	<b>Risk Mitigation measures for investments in debt instruments</b> The investments in debt and Money Market instruments would be undertaken after assessing the associated credit risk, interest rate risk and liquidity risk. The AMC shall undertake credit evaluation of each investment opportunity and invest in rated papers of companies having a sound background, strong fundamentals and quality of management and financial strength. In addition, the Scheme would endeavor to invest in instruments with a relatively higher liquidity and will seek to manage the duration of the debt assets on proactive basis to manage interest rate risk and to optimize returns. The following table summarizes the risk mitigation/management strategy for the Debt assets of the Scheme

	Risk & description specific to Debt	Risk Mitigation/ management strategy	
	Interest Rate Risk	The duration of a portfolio is one of the means of measuring the interest rate risk of the portfolio. Hence portfolios with higher duration will have higher interest rate risk. The duration of the Scheme will be actively managed based on prevailing macroeconomics condition, political environment, liquidity position in system, inflationary expectorations and other economic considerations.	
	Credit Risk	The credit evaluation of the AMC entails evaluation of credit fundamentals of each investment opportunity. Some of the factors that are evaluated inter-alia may include outlook on the sector, parentage, quality of management, and overall financial strength of the credit. The AMC will utilize ratings of recognized rating agencies as an input in the decision making process. To reduce credit risk, the scheme shall Invest in debt and money market instruments that have been assigned high investment grade ratings by a recognized rating agency.	
	Liquidity Risk	Liquidity risk is the risk of not being able to sell / liquidate a security at short notice at prevailing market prices or without incurring impact cost. Liquidity Risk can be partly mitigated by creating portfolios that are diversified across maturities, ratings, types of securities, etc. in line with the fund objectives, regulations and investment strategy. The Scheme shall follow the asset allocation pattern in Scheme Information Document under normal circumstances and residual cash may be invested in the Tri-party repo on Government Securities and treasury bills, repo market, units of mutual fund which seeks to ensure liquidity in the scheme under normal circumstances.	
	Volatility Risk	There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The Scheme will manage volatility risk through diversification. To that extent, the Volatility risk will be mitigated in the Scheme.	
	Concentration Risk	The AMC will attempt to mitigate this risk by maintaining adequate diversification across issuers/ sectors / instrument type in line with the scheme objectives, investment strategy and applicable regulations. This will also be managed by keeping prudent investment limits on any particular industry or issuer or issuer group based on the size, credit profile, etc. to reduce issuer or industry specific risk.	
	Rate Swaps will be un and Derivatives Assoc hedging products from hedging and portfolio r The above risk control can be no guarantee th	measures shall be implemented by the AMC on best effort basis however there nat such measures can completely mitigate the risks involved in Scheme.	
Plans & Options		two plans thereunder, viz. Regular Plan and Direct Plan.	
	The Direct Plan is meant for direct investments, i.e. for investors who purchase/subscribe to the of the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor, while Regular Plan is meant for investors who route their investments the distributors only. Both Plans will have a common portfolio but Direct Plan will have a lower expent account of absence of brokerage and commission. Hence, both Plans will have district NAVs.		
	• Growth (Default)	Sub-options (available under each plan) are as under: ribution Cum Capital Withdrawal Option ("IDCW")	

Under the IDCW Option:
Payout of IDCW
Re-investment of IDCW
If the IDCW under the Payout facility is less than or equal to Rs. 200, it will, by default, be reinvested under the Reinvestment Option.
IDCW stands for 'Income Distribution cum Capital Withdrawal option'. The amounts can be distributed out of investors' capital (Equalization Reserve), which is part of the sale price that represents realized

IDCW stands for 'Income Distribution cum Capital Withdrawal option'. The amounts can be distributed out of investors' capital (Equalization Reserve), which is part of the sale price that represents realized gains, (subject to the availability of distributable surplus as calculated in accordance with the Regulations).

However, investors are requested to note that amount of distribution under IDCW option is not guaranteed and subject to availability of distributable surplus.

Investors are requested to note that, pursuant to SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/194 dated October 05, 2020 the nomenclature of the "Dividend Option(s) / Sub-option(s)" offered under all the existing schemes of the Fund has been renamed with effect from April 01, 2021.

### <u>Default Plan:</u>

The following matrix shall apply for default plan:

Scenario	Broker Code mentioned by the	Plan mentioned by the	Default Plan to be
	investor	investor	captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular Plan	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not mentioned	Direct Plan
6	Direct	Regular Plan	Direct Plan
7	Mentioned	Regular Plan	Regular Plan
8	Mentioned	Not mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular/Distributor Plan. The AMC shall endeavor to obtain the correct ARN code within 30 calendar days of the receipt of the application form, from the investor/ distributor. In case, the correct code is not received within 30 calendar days (remediation period), the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load subject to following exceptions:

- 1. Such re-processing **shall not** be carried out in case of already redeemed units. i.e. re-processing shall only be carried out for balance units as maybe available after 30 calendar days.
- 2. Any subsequent switch-out or STP (transfer out) request for units allotted under wrong/ invalid/ incomplete ARN codes **shall not** be processed unless:
  - a. Such switch or STP request is for 'switching-in' to direct plan of target scheme / same scheme, as maybe applicable or
  - b. Correct ARN code is provided and verified by AMC/Mutual Fund, to its satisfaction, prior to processing of such switch request or registration of STP request.
- 3. In case of SIP transaction, the above time period for remediation shall be applicable from first installment/registration only. In case correct ARN code is not provided within 30 calendar days of such first installment, re-processing shall be carried out and subsequent SIP triggers shall happen in Direct Plan.
- 4. Notwithstanding any of the clauses as above, re-processing **shall not** be carried out, for units allotted under wrong/ invalid/ incomplete ARN codes under IDCW option, in case any amount for distribution has been declared during the aforesaid remediation period of 30 calendar days.
- 5. Subject to above, once the units are re-processed under Direct Plan, no submission of correct ARN code shall be accepted by AMC for such re-processed units.
- 6. Investors are requested to note that pursuant to such re-processing, the number of units to the credit of such investors may change and AMC / Mutual Fund/ Trustees /Sponsors shall not be liable for any loss that may occur to investors/distributors or any scheme of Mutual Fund consequent to

	such re-processing.	as in apparthe, with the subserver		
	7. Investors are strongly advised to provide the correct ARN code to units of the Scheme under Regular Plan.	es in case they wish to subscribe

c) additional expenses, incurred towards different heads, not exceeding 0.05% of the daily net assets of the Scheme. However, such expenses will not be charged if exit load is not levied / not applicable to the Scheme.

Investors may note that GST on investment and advisory fees may be charged to the Scheme in addition to the maximum limit of TER as mentioned in the table above. GST on expenses other than investment and advisory fees, if any, shall be borne by the Scheme within the maximum limit of TER as mentioned in the table above. GST on brokerage and transaction costs paid for execution of trade, if any, shall be within the limit prescribed under Regulation 52 of the SEBI Regulations.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund at the following link <https://www.barodabnpparibasmf.in/downloads/total-expense-ratio-of-mutual-fund-schemes>. Any change proposed to the current expense ratio will be updated on the website and communicated to the investors via e-mail or SMS at least three working days prior to the effective date of the change (in accordance with SEBI circular SEBI/HO/IMD/DF2/CIR/P/2018/18 dated February 05, 2018, SEBI Circular SEBI/ HO/IMD/DF2/CIR/P/2018/91 dated June 05, 2018 read with SEBI Circular SEBI/HO/IMD/DF2/CIR/P/ 2019/42 dated March 25, 2019). Further, the disclosure of the expense ratio on a daily basis shall also be made on the website of AMFI viz. www.amfiindia.com.

Any expenditure in excess of the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the Trustee or Sponsor.

## Actual expenses for the financial year 2021-22:

Total recurring expense as a % to daily net assets :

- Regular Plan 1.05%
- Direct Plan 0.34%

### An Illustration of impact of expense ratio on Scheme's returns:

If an investor A invests in a regular plan of a Scheme with an expense of 2% p.a. and an investor B invests in Direct Plan of the same scheme with an expense of 1% p.a. Assuming the gross return of this fund is 10% for that given year, investor A will make a return of 8% (post expense) for that year, whereas investor B will make 9% return for same period.

Also, please take a look at below illustration which shows impact of different expense ratio assumed on initial investment of Rs. 10,000 invested over period of 10 years with an average annualized gain of 10% p.a.

	Particulars	Regular Plan	Direct Plan			
	Amount Invested at the beginning of the year	10,000	10,000			
	Returns before Expenses (@15%pa)	1,500	1,500			
	Expenses other than Distribution Expenses	150	150			
	Distribution Expenses	50	-			
	Returns after Expenses at the end of the Year	1,300	1350			
	% Returns on Investment (Post Expenses)	13%	13.5%			
	Note:					
	• The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee returns on investments, without considering any impact due to taxation.

- INSTRUCTIONS
- The SIP Registration Form should be completed in English and in Block Letters only. Please tick
   (✓) in the appropriate box (□), where boxes have been provided. The SIP Enrolment Form,
   complete in all respects, should be submitted to any of the Official Points of Acceptance of
   Transactions.
- Unit Holders can register SIP in up to 4 different schemes using single Multi SIP Registration Form.
- Existing unit holders are required to submit only the SIP Registration Form. Existing unit holders should note that unit holders' details and mode of holding (single, jointly, anyone or survivor) will be as per the existing folio number.
- 4. New investors who wish to register for SIP are required to fill the Common Application Form and SIP Application Form. New investors are advised to read the Key Information Memorandum(s) and Scheme Information Document carefully before investing and the same are available with the ISCs / distributors.
- Minimum amount and installments required for various SIP frequencies offered to investors is as below:

For all open ended non-liquid schemes, other than Baroda BNP Paribas ELSS Fund:

Daily Systematic Investment Facility (DSIF), Weekly Systematic Investment Facility (WSIF) and Monthly Systematic Investment Facility (MSIF): Minimum INR 500 and in multiples of INR 1 thereafter per installment for a minimum of 12 Installments

Quarterly Systematic Investment Facility (QSIF): Minimum INR 1500 and in multiples of INR 1 thereafter per installment for a minimum of 4 Installments

For Baroda BNP Paribas ELSS Fund: Minimum INR 500 and in multiples of INR 500 thereafter per installment. Minimum Installments for DSIP, WSIF, MSIF will be 6 installments and for QSIF 4 installments

Accordingly, the provision of critieria of Minimum Application Amount of the scheme shall not apply to such applications using the SIP facility.

#### 6. Applicable Load Structure for SIP

Entry Load: Nil

The provisions of Exit Load as applicable to the normal investments as on the date of Registration will be applicable to fresh SIP investments.

- 7. Separate SIP Registration Forms are required to be filled for DSIP, WSIF, MSIF and QSIF.
- 8. Investors have the right to discontinue the SIP facility at any time by sending a written request to any of the Official Points of Acceptance of Transactions. Such notice should be received at least 14 days prior to the due date of the next cheque. On receipt of such request, the SIP facility will be terminated.
- 9. The registration period of SIP will be as per the instruction given by the investor. In case the SIP is selected for a Perpetual period investors will have to submit SIP cancellation request to discontinue the SIP. In case of any ambiguity in registration period or if the end date of SIP is not mentioned, the default period for SIP will be perpetual.
- 10. In case investor has not selected any frequency or incase of any ambiguity, monthly frequency shall be considered as default option. Similarly, 7th day shall be considered as default Trigger date. In case of any ambiguity in the enrolment form, the SIP registration request shall be liable to be rejected.
- 11. In case of minor application, AMC will register standing instructions till the date of the minor attaining majority, though the instructions may be for a period beyond that date. Prior to minor attaining majority, AMC shall send advance notice to the registered correspondence address advising the guardian and the minor to submit an application form along with prescribed documents to change the status of the account to "major". The account shall be frozen for operation shall be permitted till the documents for changing the guardian on the day the minor attains the age of majority and no fresh transactions shall be permitted till the documents for changing the status are received.
- 12. The Trustee / AMC reserves the right to change / modify the terms of the SIP.
- If no start date is mentioned by the investors, the SIP will be registered to start from a period after 30 days from the date of submission of the application form.
- 14. DSIP shall be triggered and processed on all Business Days only.
- 15. Investors can choose any preferred date of the month as SIP debit date. In case the chosen date falls on a non-business day, the SIP will be processed on the immediate next business day. In case chosen date is not available in a particular month, the SIP will be processed on the last

business day of the month

- The SIP will be discontinued automatically if payment is not received for three successive instalments
- 17. The amount mentioned on the first cheque should be equal to the combined SIP instalment amount mentioned against all the Schemes in the Form. Accordingly, the first cheque amount will get invested in multiple Schemes as mentioned in the form. In case of mismatch, the transaction is liable to be rejected. Further, investor should ensure that the amount mentioned on the OTM is equal to the total consolidated amount across all schemes mentioned as per the form
- 18. If a Micro SIP application is found such that the registration of the application will result in the aggregate of all investments made by the investor in a financial year exceeding Rs. 50,000 or where there is any deficiency in the application form or any supporting document In case the first Micro SIP instalment is processed (as the cheque may be banked), and the application / supporting document is found to be defective, such Micro SIP will be ceased for future instalments. No refunds shall be made for the units already allotted. Investor, can however, redeem the units if so desired.
- 19. The investor will not hold Baroda BNP Paribas Mutual Fund, its registrars and other service providers responsible if the transaction is delayed or not effected or the investor bank account is debited in advance or after the specific SIP date due to various clearing cycles of NACH Debit/ Local/Bank holiday. Baroda BNP Paribas Mutual Fund, its registrars and other service providers shall not be held responsible or liable for damages / compensation / loss incurred by the investor as a result of using the SIP NACH / Direct Debit facility. The investor assumes the entire risk of using this facility and takes full responsibility.

#### The terms and conditions for availing the 'Top-Up SIP' shall be as follows:

#### Frequency for Top-Up SIP

- (i) For Monthly SIP:
  - a. Half Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 6th (sixth) SIP installment.
  - Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 12th (twelfth) SIP installment.

#### (ii) For Quarterly SIP:

a. Yearly Top-Up SIP: Under this option, the amount of investment through SIP installment shall be increased by amount chosen / designated by Investor post every 4th (fourth) SIP installment. In case the investor who has registered under Quarterly SIP opts for Half Yearly Top-Up SIP, the same shall be registered and processed as Yearly Top-Up SIP.

#### 2. Minimum Top-Up SIP Amount:

₹ 500 and in multiples of ₹ 500 thereafter.

Default Top-Up SIP Frequency and amount:

- In case the investor fails to specify either the frequency or amount for Top-Up SIP, the same shall be deemed as Yearly Top-Up SIP and ₹ 500 respectively and the application form shall be processed accordingly. In case the investor fails to specify both, i.e. the frequency for Top-Up SIP and amount for Top-Up SIP, the application form may be processed as conventional SIP, subject to it being complete in all other aspects.
- 4. Top-Up SIP shall be available for SIP Investments only through NACH / Direct Debit Facility only. Top-Up SIP shall not be available under SIP facility availed by Investors through Standing Instructions or investing through Channel Partners or through Stock Exchange Platforms.
- 5. Top-Up SIP facility shall not be available under Weekly SIP option.
- Top-Up SIP facility can be availed by the investors only at the time of registration of SIP or renewal of SIP.
- Investors should note that for modification of any of the details of Top-Up SIP details, the existing SIP with Top-Up facility shall be required to be cancelled and investor would be required to register a fresh SIP with modified Top-Up facility details.
- Investors should ensure the amount mentioned in the OTM is on the higher side to be able to accomodate the increase as and when the top up amount is triggered. In case the OTM amount is lesser than the base amount + top up amount for any trigger in future, the SIP with Top-Up Facility will stand cancelled.

Declaration: I / We hereby declare that the particulars provided in this mandate are correct and complete and hereby agree to participate in the NACH / ECS / Direct Debit / Standing Instructions (SI) and make payments through the NACH platform according to the terms and conditions thereof. I / We further hereby agree and acknowledge that I / we will not hold the AMC and/or responsible for any delay and / or failure in debiting my bank account for reasons not attributable to the negligence and / or misconduct on the part of the AMC I / We hereby declare and confirm that, irrespective of my / our registration of the above mobile number in the 'DO NOT DISTURB (DND)', 'or in any similar register maintained under applicable laws, now or subsequent to the date hereof, I / We hereby consent to the Bank communicating with me/us in any manner whatsoever on the said mobile number with respect to the transactions carried out in my / our aforementioned bank account(s). I / We hereby agree to abide by the terms and conditions that may be intimated to me / us by the AMC / Bank with respect to the NACH / ECS / Direct Debit / SI from time to time.

Authorisation to Bank: This is to inform that I / We have registered for ECS / NACH (Debit Clearing) / Direct Debit / SI facility and that the payment towards my / our investments in the Schemes of Baroda BNP Paribas Mutual Fund shall be made from my / our above mentioned bank account with your Bank. I / We hereby authorize the representatives of BNP Paribas Asset Management India Private Limited, Investment Manager to Baroda BNP Paribas Mutual Fund carrying this mandate form to get it verified and executed. I / We authorize the Bank to debit my / our above-mentioned bank account for any charges towards mandate verification, registration, transactions, returns, etc, as applicable for my / our participation in NACH / ECS / Direct Debit / SI.

<sup>12</sup> PEP : PEP are defined as individuals who are or have been entrusted with prominent public functions in a foreign country e.g Heads of Sates or of Governments, senior politicians senior Government/Judicial/military officers, senior executives of state owned corporations, important political party officials, etc.

FATCA - CRS Terms and Conditions

The Central Board of Direct Taxes has notified Rules 114F to 114H, as part of the Income-tax Rules, 1962, which Rules require Indian financial institutions such as Investment Entities to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our account holders. In relevant cases, information will have to be reported to tax authorities/ appointed agencies. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto.

Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days.

Please note that you may receive more than one request for information if you have multiple relationships with Baroda BNP Paribas Mutual Fund or its group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information.

If you have any questions about your tax residency, please contact your tax advisor. If any controlling person of the entity is a US citizen or resident or green card holder, please include United States in the foreign country information field along with the US Tax Identification Number.

\$ It is mandatory to supply a TIN or functional equivalent if the country in which you are tax resident issues such identifiers. If no TIN is yet available or has not yet been issued, please provide an explanation

CERTIFICATION

#### **PART D FATCA INSTRUCTIONS & DEFINITIONS**

- Financial Institution (FI) The term FI means any financial institution that is a Depository Institution, Custodial Institution, Investment Entity or Specified Insurance company, as defined.
  - Depository institution: is an entity that accepts deposits in the ordinary course of banking or similar business.
- (iii) Custodial institution is an entity that holds as a substantial portion of its business, financial assets for the account of others and where it's income attributale to holding financial assets and related financial services equals or exceeds 20 percent of the entity's gross income during the shorter of
  - (i) The three financial years preceding the year in which determination is made; or
  - (ii) The period during which the entity has been in existence, whichever is less.
- (iv) Investment entity is any entity:
  - (a) That primarily conducts a business or operates for or on behalf of a customer for any of the following activities or operations for or on behalf of a customer
    - Trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading; or
    - (ii) Individual and collective portfolio management; or
    - (iii) Investing, administering or managing funds, money or financial asset or money on behalf of other persons;
    - or
  - (b) The gross income of which is primarily attributable to investing, reinvesting, or trading in financial assets, if the entity is managed by another entity that is a depository institution, a custodial institution, a specified insurance company, or an investment entity described above.

An entity is treated as primarily conducting as a business one or more of the 3 activities described above, or an entity's gross income is primarily attributable to investing, reinvesting, or trading in financial assets of the entity's gross income attributable to the relevant activities equals or exceeds 50 percent of the entity's gross income during the shorter of :

- (i) The three-year period ending on 31 March of the year preceding the year in which the determination is made;
- or
- (ii) The period during which the entity has been in existence.

The term "Investment Entity" does not include an entity that is an active non-financial entity as per codes 04, 05, 06 and 07 - refer point 2).

- (v) Specified Insurance Company: Entity that is an insurance company (or the holding company of an insurance company) that issues, or is obligated to make payments with respect to, a Cash Value Insurance Contract or an Annuity Contract.
- FI not required to apply for GIIN: Refer Rule 114(5) of Income Tax Rules, 1962 for the conditions to be satisfied as "non-reporting financial institution and Guidance issued by CBDTin this regard.
- A. Reasons why FI not required to apply for GIIN:

Code	Sub-category
01	Governmental Entity, International Organization or Central Bank
02	Treaty Qualified Retirement Fund; a Broad Participation Retirement Fund; a Narrow Participation Retirement Fund; or a Pension Fund of a Governmental Entity, International Organization or Central Bank
03	Non-public fund of the armed forces, an employees' state insurance fund, a gratuity fund or a provident fund
04	Entity is an Indian FI solely because it is an investment entity
05	Qualified credit card issuer
06	Investment Advisors, Investment Managers& Executing Brokers
07	Exempt collective investment vehicle
08	Trust
09	Non-registering local banks
10	FFI with only Low-Value Accounts
11	Sponsored investment entity and controlled foreign corporation
12	Sponsored, Closely Held Investment Vehicle

 Active Non Financial Entity (NFE) (any one of the following): Refer explanation (A) to 114F(6) of Income tax Rules, 1962 for details:

#### Code Sub-category

- 01 Less than 50 percent of the NFE's gross income for the preceding financial year is passive income and less than 50 percent of the assets held by the NFE during the preceding financial year are assets that produce or are held for the production of passive income;
- 02 The stock of the entity is regularly traded on an established securities market or the non-financial entity is a related entity of an entity. The stock of which is regularly traded on an established securities market.
- 03 The NFE is a Governmental Entity, an International Organization, a Central Bank, or an entity wholly owned by one or more of the foregoing;
- 04 Substantially all of the activities of the NFE consist of holding (in whole or in part) the outstanding stock of, or providing financing and services to, one or more subsidiaries that engage in trades or businesses other than the business of a Financial Institution, except that an entity shall not qualify for this status if the entity functions as an investment fund, such as a private equity fund, venture capital fund, leveraged buyout fund, or any investment vehicle whose purpose is to acquire or fund companies and then hold interests in those companies as capital assets for investment purposes;
- 05 The NFE is not yet operating a business and has no prior operating history, but is investing capital into assets with the intent to operate a business other than that of a Financial Institution, provided that the NFE shall not qualify for this exception after the date that is 24 months after the date of the initial organization of the NFE;
- 06 The NFE was not a Financial Institution in the past five years, and is in the process of liquidating its assets or is reorganizing with the intent to continue or recommence operations in a business other than that of a Financial Institution;
- 07 The NFE primarily engages in financing and hedging transactions with, or for, Related Entities that are not Financial Institutions, and does not provide financing or hedging services to any Entity that is not a Related Entity, provided that the group of any such Related Entities is primarily engaged in a business other than that of a Financial Institution;
- 08 Any NFE that fulfills all of the following requirements:
  - It is established and operated in India exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in India and it is a professional organization, business league, chamber of commerce, labor organization, agricultural or horticultural organization, civic league or an organization operated exclusively for the promotion of social welfare:
  - It is exempt from income tax in India;
  - It has no shareholders or members who have a proprietary or beneficial interest in its income or assets;

The applicable laws of the NFE's country or territory of residence or the NFE's formation documents do not permit any income or assets of the NFE to be distributed to, or applied for the benefit of, a private person or non-charitable Entity other than pursuant to the conduct of the NFE's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the fair market value of property which the NFE has purchased; and

The applicable laws of the NFE's country or territory of residence or the NFE's formation documents require that, upon the NFE's liquidation or dissolution, all of its assets be distributed to a governmental entity or other non-profit organization, or escheat to the government of the NFE's country or territory of residence or any political subdivision thereof.

Explanation.- For the purpose of this sub-clause, the following shall be treated as fulfilling the criteria provided in the said sub-clause, namely :-

- (i) an Investor Protection Fund referred to in clause (23EA);
- (ii) a Credit Guarantee Fund Trust for Small Industries referred to in clause 23EB; and
- (iii) an Investor Protection Fund referred to in clause (23EC), of section 10 of the Act;
- 3. Other definitions
  - (i) Related entity

An entity is a 'related entity' of another entity if either entity controls the other entity, or the two entities are under common control For this

purpose, control includes direct or indirect ownership of more than 50% of the votes and value in an entity.

#### (ii) Passive NFE

- The term passive NFE means
- any non-financial entity which is not an active non-financial entity including a publicly traded corporation or related entity of a publicly traded company; or
- (ii) an investment entity defined in clause 1 (iv)(b) of these instructions
- (iii) a withholding foreign partnership or withholding foreign trust;
- (iii) Passive income

The term passive income includes income by way of :

- (1) Dividends,
- (2) Interest
- (3) Income equivalent to interest,
- (4) Rents and royalties, other than rents and royalties derived in the active conduct of a business conducted, at least in part, by employees of the NFE
- (5) Annuities
- (6) The excess of gains over losses from the sale or exchange of financial assets that gives rise to passive income
- (7) The excess of gains over losses from transactions (including futures, forwards, options and similar transactions) in any financial assets.
- (8) The excess of foreign currency gains over foreign currency losses
- (9) Net income from swaps
- (10) Amounts received under cash value insurance contracts

But passive income will not include,in case of a non-financial entitythat regularly acts as a dealer in financial assets, any income from any transaction entered into in the ordinary course of such dealer's business as such a dealer.

(iv) Controlling persons

Controlling persons are natural persons who exercise control over an entity and includes a beneficial owner under sub-rule (3) of rule 9 of the Prevention of Money-Laundering Rules, 2005 (Maintenance of Records). In determining the beneficial owner, the procedure specified in the following circular as amended from time to time shall be applied, namely :-

- (i) DBOD.AML.BC NO 71/14.01.001/2012-13, issued on the 18th January, 2013 by the Reserve Bank of India; or
- (ii) CIR/MIRSD/2/2013, issued on the 24th January, 2013 by the Securities and Exchange Board of India; or
- (iii) IRDA/SDD/GDLC/CIR/019/02/2013, issued on the 4th February, 2013 by the Insurance Regulatory and Development Authority.

In the case of a trust, the controlling person means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust. In the case of a legal arrangement other than a trust, controlling person means persons in equivalent or similar positions.

Where no natural person is identified the identity of the relevant natural person who holds the position of senior managing official.

(A) Controlling Person Type:

Code	Sub-category
01	CP of legal person-ownership
02	CP of legal person-other means
03	CP of legal person-senior managing official
04	CP of legal arrangement-trust-settlor
